

## SELF ORDERING KIOSKS

Whether you're a small restaurant or part of a chain, a self-service kiosk may be the answer to improving your bottom line

Cut down queues & long lines especially during your busy times by offering multiple places to order and checkout

Table top options offer the customer a personal shopping experience that many prefer

Reduce wait times & focus on expediting food preparation and order fulfillment

Increase ordering accuracy by allowing customers to place their own orders directly

Reduce labor costs by replacing one or more cashiers

Showcase your newer and more profitable offerings with appealing graphics
