

MOBILE APPS FOR RESTAURANTS

A custom mobile app for your business can have an almost immediate impact on your sales. We can help you make one! The app will tie into your mobile ready website, social media sites and other sites you may already have such as online ordering and online reservations.

\$1,500 Setup Fee
\$75 Monthly Fee

CUSTOMIZED FOR YOU

Get an app that is customized for your business with a design and tool set to get the most of your customers.

CULTIVATE CUSTOMER LOYALTY

Make a true connection with your customers and gain their loyalty by being just a fingertip away at all times.

BETTER CUSTOMER ENGAGEMENT

By keeping your restaurant and customer connected at all times you will experience improved engagement.

STAND OUT FROM COMPETITION

Take the technological lead or keep up with your competition by investing in a mobile app for your business.

DIRECT MARKETING TOOL

Send push notifications to enjoy a better response and action rate according to research than text or email marketing.

VALUE FOR YOUR CUSTOMERS

By incorporating certain features such as loyalty programs and quick access to ordering you provide a key value to your time-conscious customers.
