WEB SERVICES

Website Design

We offer a custom-designed, functional restaurant website with a professional look for an affordable one-time fee. We can also host & maintain your site to keep it current and safe. Website features include:

- Custom & professional graphic design
- Responsive & mobile ready
- Email marketing tools
- Store locator
- Analytics tools
- Loyalty programs
- Social media integration

Social Media

Khamu Solutions also allows restaurant owners to focus on their business while we handle their social media setups, daily updates and maintenance. We work with you to get the right engagement in all the top social networking channels including Facebook, Google+, LinkedIn, Twitter, Flickr, Yelp, & Pinterest. Strategies include:

- Build useful social channels
- Create content around your restaurant
- Distribute your content through social media
- Grow your fan base and build loyalty
- Engage with your customer base online

Table Reservations & Management

- Take Reservations from your website
- Table Management on a PC or tablet
- Reports & Analytics on your guest data
- No per reservation fees
